### Scurry County Bar Resolution

Whereas, there will be submitted to the voters of Texas on the 24th day of July A. D. 1915, a proposed amendment to the Constitution of the State of Texas, amending Section 2, Article 5 and known as Senate Joint Resolution No. three, providing that the Supreme Court of the State shall consist of a Chief Justice and four Associate Justices;

And whereas, the Supreme Court of this State now consists of only three members, a chief Justice and two Associate Justices, which number of said Justices is insufficient to keep up with the business constantly coming before that court;

And whereas, the said Supreme Court, as now constituted, is more than two years behind with its docket and is constantly falling further and further behind with the business coming before it;

And whereas, in our opinion, the only manner practicable for the relief of this congested condition in said court, which condition is hurtful to the best interests of the State and to the litigants coming before that court, is by increasing the members of this Court;

Be it resolved that we, the undersigned members of the Scurry County Bar Association, respectfully submit to the voters of Scurry County the aforesaid facts, and earnestly request the voters of said county to support this amendment by voting in favor thereof on the above date.

Respectfully submitted,

### LEO FRANK ASSAULTED

Fellow Prisoner Cuts Frank's Throat With Knife Made of File

Milledgeville, Ga., July 27.—Leon Frank, whose death sentence for the murder of Mary Phagan recently was commuted to life imprisonment, was attacked by another prisoner at the state prison here last night and seriously injured by being cut in the throat.

Prison authorities said the attack on Frank was made by William Green, who is also serving a life term for murder. Frank's revolver for self defense was not neither the man nor his weapon was injured.

The attack on Frank was made shortly after 11 o'clock, a knife being the weapon used. Frank's revolver for self defense was not neither the man nor his weapon was injured.

The attack on Frank was made in the dormitory which all the prisoners occupy in common at night. All lights were out at the time. Green is alleged to have had the knife at least in his possession.

So quick was the attack that no guard had time to interfere. Frank ran backward in the floor uttering a cry of pain. The lights were spottily switched on and the guards saw his prostrate upon the floor, blood spurting from his wounds while a prisoner was trying to make his way back to his bed.

A knife that had been made of a file and which the convicts had used in killing hogs during the war was found on the dormitory floor. This the knife was snatched into the prison as a mystery.

Dr. Geo. B. Compton, the prison surgeon, was immediately called in before he could reach the prison dormitory two sergeants who are serving terms in prison were at Frank's side, administering first aid.

"I guess they've got me," Frank is quoted as having said to the doctors when they reached him. He did not lose consciousness.
